II. Utility Data Release

This form gives A Better City (ABC), administrators of the Challenge for Sustainability, permission to receive and use historical and current electricity data for the accounts listed below from NSTAR, our electricity provider. I further authorize ABC to review and analyze the data to make and measure the impact of energy efficiency efforts. This authorization covers all of my NSTAR accounts listed below. No company or financial data is released to ABC, only kilowatt-hours per month. This authorization shall continue in effect until I or ABC notifies NSTAR otherwise. By signing below I affirm that I have the authority to make and sign this request on behalf of my company or organization.
